All the Skill Training Providers.

Lr. No. 202 / MEPMA/EST&P / 2017, Dated: 25 - 09 - 2017

Sir/Madam,

Sub: - MEPMA – EST&P - 2017-18 – Certain instructions issued to the STPs regarding forwarding the batch for 1st installment (inception) payment - Regarding.

The Mission Director, MEPMA has taken a decision for forwarding the batch for inception payment within the period i.e. 16th to 18th day. According to which the Skill Training Providers have to upload the candidate's registration in NULM as well as SDI portals and to map the IDs of the candidates into the MEPMA – ESTP portal.

In this connection, it is observed that a minimum of 15 days is taken for getting user ID and password from the RDAT and as such the STPs are unable to upload the information within the 2days time allowed.

Therefore, the Mission Director, MEPMA has taken a decision on the request of the STPs allowing the STPs to upload the information in the MEPMA ESTP portal duly recording "zero" IDs against SDI registration and forward batch for inception payment or within 3days after received user id and password from RDAT. The STPs has to upload the candidate registration in SDI portal and also mapping the candidates ID in MEPMA ESTP portal.

The STPs should take action for inception payment accordingly. Further, the STPs should ensure registration of candidates in SDI portal also and mapping IDs of the candidates in MEPMA ESTP portal before closing of the batch which is mandatory.

All the Project Directors are requested to implement the training programmes as per EST&P guidelines.

Yours faithfully,

o/c

MISSION DIRECTOR

Copy to all the Project Directors in the state for necessary action.
