The attention of the proceedings all the Project Directors including GVMC and PO VMC is invited to the references cited, wherein capital infusion amount has been released to the eligible SHGs and the entries need to be verified at Banks and SHG Pass-Books.

In this regard, all the Project Directors are therefore directed to organize ULB level meetings personally, from 24.10.2017 onwards with all the SHGs who have received capital infusion amounts recently. Please try to involve the public representatives during the meetings and highlight the benefits of Capital infusion to the members and public. The tentative schedules of the meeting may be informed to Head Office to enable the District officers to attend some of the meetings during their visits.

Yours Faithfully,

  
MISSION DIRECTOR
